Statement of Need: BIA-MA has developed, in collaboration with experts in the field of brain injury, an Acquired Brain Injury Clinical Continuing Education Series, designed to enhance the knowledge, expertise, and skills of clinicians, program administrators, case managers, rehabilitation and other professionals providing supports and services to individuals with ABI and their families. It is BIA-MA’s goal and hope that this series will serve to promote the development of clinically informed programs and services, which will in turn, enhance positive outcomes and the quality of life for persons living with an acquired brain injury.

Financial Support: There is no commercial support associated with this educational activity.

Unlabeled Use Disclosure: Faculty of this CME/CE activity may include discussions of products or devices that are not currently labeled for use by the FDA. The faculty have been informed of their responsibility to disclose to the audience if they will be discussing off-label or investigational uses (any uses not approved by the FDA) of products or devices. CME Outfitters, LLC, the faculty, and BIA-MA do not endorse the use of any product outside of the FDA labeled indications. Medical professionals should not utilize the procedures, products, or diagnosis techniques discussed during this activity without evaluation of their patient for contraindications or dangers of use.
